

APPLICATION

Suitable for permanent or semi-permanent use. Most universal of all Megadeck Australia's products; the Megadeck's use is limited only by your imagination.

NEEDS ASSESSMENT

- **LARGE SCALE EVENTS** - requiring sizable staging for outdoor concerts and festivals.
- **HEAVY DUTY** - For activities that will take place involving high impact performances.
- **CAR PLATFORMS** - Used to display cars and sports vehicles.
- **CAMERA RISERS** - The solid steel construction of the Megadeck stage provides maximum stability when filming or recording with minimal shake or disturbance.
- **LED RISERS** - When heavy objects such as LED walls need to be placed on a level and stable platform, the steel Megadeck stage with its superior load rating is just what you need.

TECHNICAL DIAGNOSTICS & SPECIFICATIONS

Routed timber top edges ensure a safe and smooth finish. Precut connection points on all four sides of the Megadeck allow for modular stage configurations. Secure stage legs with star bolts make for quick and easy installations. Stage legs with black end caps for protection of flooring.

RATINGS AND WARRANTY

Every Megadeck stage is made in Australia and constructed from locally sourced materials. Our workmanship is backed by a 12 month warranty on new purchases and a life time's manufacturer's guarantee.

The work horse of the industry is the Megadeck. Simple to use, solid construction and extremely versatile.
