

APPLICATION

Suitable for permanent or semi-permanent use.

NEEDS ASSESSMENT

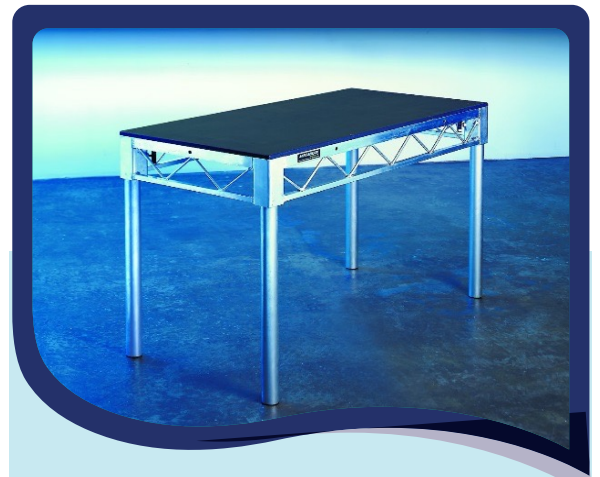

- **DJ TABLES** - The Quarterdeck offers a more compact alternative to the standard Megadeck DJ table.
- **STAIRS & TIERED RISERS** - Assembled in different configurations allows for unusual stair arrangements like spirals or for tiered risers used for choirs or school photos.
- **FOOD STATIONS** - The 600mm depth of the Quarterdeck allows for static or mobile food stations.
- **INFORMATION DESKS** - At any required working height and the option of illumination to accentuate products or displays.
- **BARs** - When set up at 1200mm the Quarterdeck makes for a functional bar and includes accessories such as shelving for drinks and glasses.
- **TROPHY STAND** - To display or present awards.

TECHNICAL DIAGNOSTICS & SPECIFICATIONS

Routed timber top edges ensure a safe and smooth finish. Precut connection points on all four sides of the Megadeck allow for modular stage configurations. Secure stage legs with star bolts make for quick and easy installations. Stage legs with black end caps for protection of flooring.

RATINGS AND WARRANTY

Every Megadeck stage is made in Australia and constructed from locally sourced materials. Our workmanship is backed by a 12 months warranty on new purchases and a life time's manufacturer's guarantee.

Simple to use, lightweight in construction and extremely versatile. Most commonly used for small items or stage extensions.
